

# Personal Sovereignty Social Contract for the Natural Law Republic of The United States of America

I, \_\_\_\_\_, do hereby solemnly swear that I am willfully and of clear mind and conscience signing this contract declaring my status as a Sovereign Individual of The Natural Law Republic of the United States of America. By doing so, I understand that I am able to live my life to my full potential and to have my full range of human Rights protected by the Public Service Administrations enacted to manage this Republic and ensure the critical operations of the Economic and Monetary Systems and the Common Law Courts. I also understand that my Rights are inalienable and an inherent birthright from my Creator and that they cannot be infringed upon by any member of the Public Service Administrations, any Business entities, or other Sovereign Individuals. I also understand that any trespasses or aggressions against me shall be settled in a Court of Common Law and all decisions therein respected and honored.

By signing this contract, I also agree to abide by all of the Responsibilities outlined in the Constitution for this Natural Law Republic. I agree to live my life in honor and integrity and to not impose my will upon others or trespass against any other Sovereign or their property. If summoned to a Court of Common Law to answer to any accusations against me, I agree to appear when asked to and offer my defense.

This Personal Sovereignty Social Contract also solidifies my Declaration of Independence from any and all legacy systems to which I have unwittingly been bound to via adhesion contracts and constructive fraud. It also solidifies my allegiance and support of the Constitution for the Natural Law Republic of the United States of America and that this contract protects me from any and all trespasses against me by whomever or whichever entity attempts to unlawfully impose their will upon me.
